Overview: Fixed Ad Placement On The Homepage

Everything starts here. Advertise on our homepage.

Sitebar

Billboard

Medium Rectangle (left/right)

Sitelink

Promotion

These ad formats have a static/permanent position on our homepage and are visible on every page impression.

Your ad will be visible for 24 hours – **400,000 AIs guaranteed.***

By booking a combined ad delivery on desktops and mobile devices, we can guarantee 500.000 AIs in the course of 24 hours. The combined booking is available for the following ad formats: Sitebar/Understitial, Medium Rectangle and Sitelink/Promotion.

Ads on left and middle positions are also bookable in the scroll area of our homepage (desktop) – incl. visibility guarantee. Your ad is displayed from 0 a.m. until the guaranteed 100,000 ad impressions have been delivered. All left/middle/right positions of our homepage are also bookable on channel front pages.

* The guarantee includes all ad impressions on the homepage for 24 hours. Potentially missing AIs based on the given guarantee will be supplemented dynamically ROS with FC4 either the same or the following days.

In-Read-Video

Throughout the booked timespan your ad is evenly distributed across the page views of our website.

We offer two pricing options for each product:

- a) **Run of Site (ROS):** Your ad is distributed among all pages of our website (incl. FC4/week).
- b) **Targeting:** Your ad is delivered only to sites that are of interest to your target audience. Targeting options contain share of voice (unique user targeting), editorial environment (sections, subjects), time (e.g. Wednesday., 6pm), sociodemographic criteria (e.g. age, gender, salary), buyer's interest (e.g. mobile phones, cars, travel). Combining up to three criteria is possible.

Mobile ads accompany our readers on their personal gadgets: everywhere – all day long.

Advertise with very little distribution losses and reach your exact and highly involved target group with our targeting options.*

* Mobile targeting options: Channel or operating system targeting only.
Due to technical circumstances we are presently unable to offer any mobile visibility readings.

Sitebar

The large ad format for diverse, creative ad solutions

The screenshot shows the derStandard.at website. The Sitebar is a large, vertical ad unit on the right side of the page, featuring a pink background and the word "LIVE" in a white box. The website content includes a navigation bar, a search bar, and various news articles and financial data.

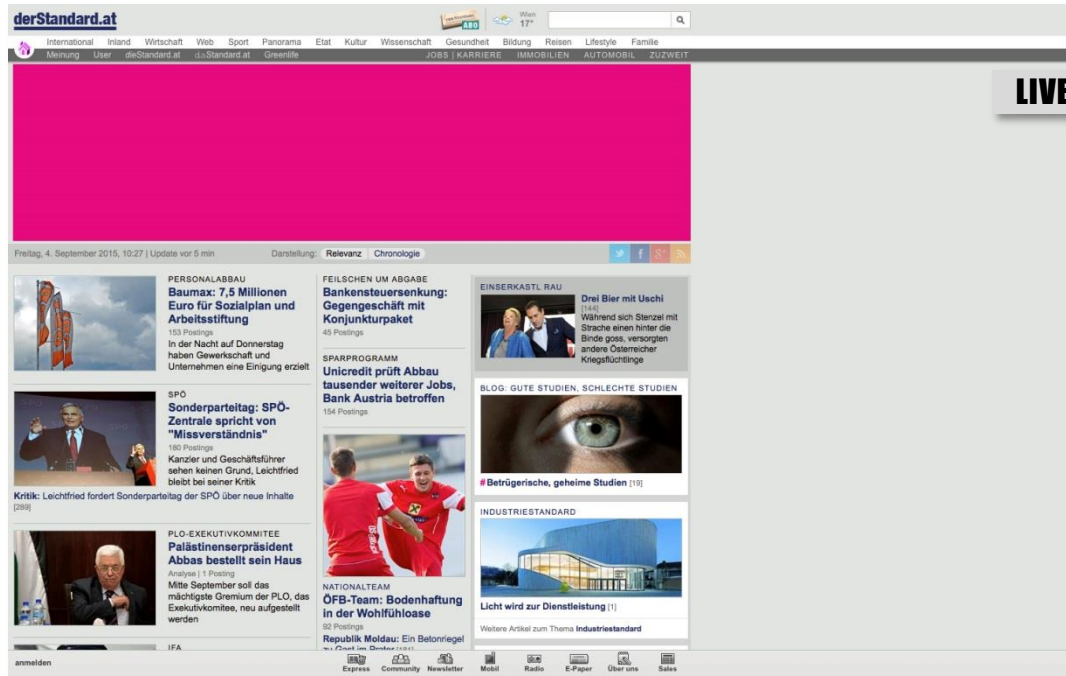

The Sitebar is our largest ad format. For an ideal depiction, it automatically adapts to the browser's size (ad needs to be scalable). As soon as the width of the depicted website in a browser exceeds 1,280 px, the Sitebar is displayed with at least 250 px width.

Specs

Placement	<ul style="list-style-type: none"> Fixed on homepage Dynamic on overview pages and in articles
Components	Picture, animation, video
Dimensions and Formats	min. 300 x 600 px (scalable – ad adapts to browser's size) .jpg/.gif, HTML5
Frequency Capping	FC1/5 minutes

Billboard

Large canvas above the page's content

The billboard is one of the largest and most prominent online ad units. It is as wide as the page's content, placed just under the horizontal site navigation and is therefore visible immediately upon loading.

Specs

Placement

- Fixed on homepage
- Dynamic in articles

Components

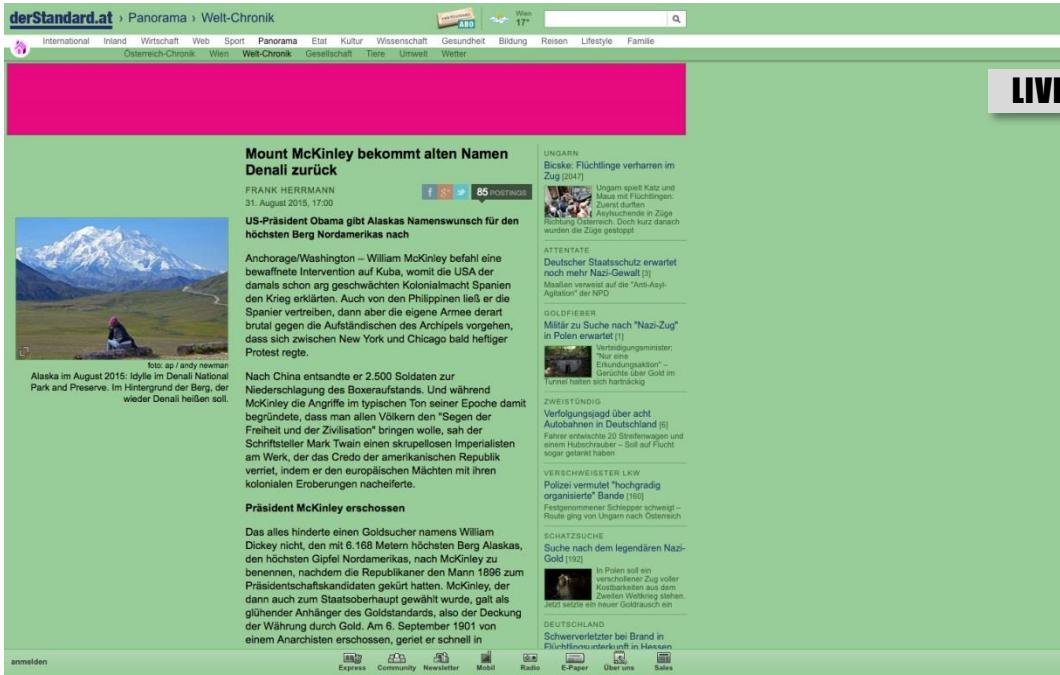

Picture, animation, video

Dimensions and Formats

970 x 250 px
.jpg/.gif, HTML5

Leaderboard

The classic online banner on large scale

The leaderboard is the width of the page and placed between site navigation and content. It holds a rather prominent position and therefore is visible immediately upon loading.

Specs

Placement	Dynamic on overview pages and in articles
Components	Picture or animation
Dimensions and Formats	960 x 100 px or 728 x 90 px .jpg/.gif, HTML5

Medium Rectangle

A true all-rounder

Fixed ad placement on homepage...

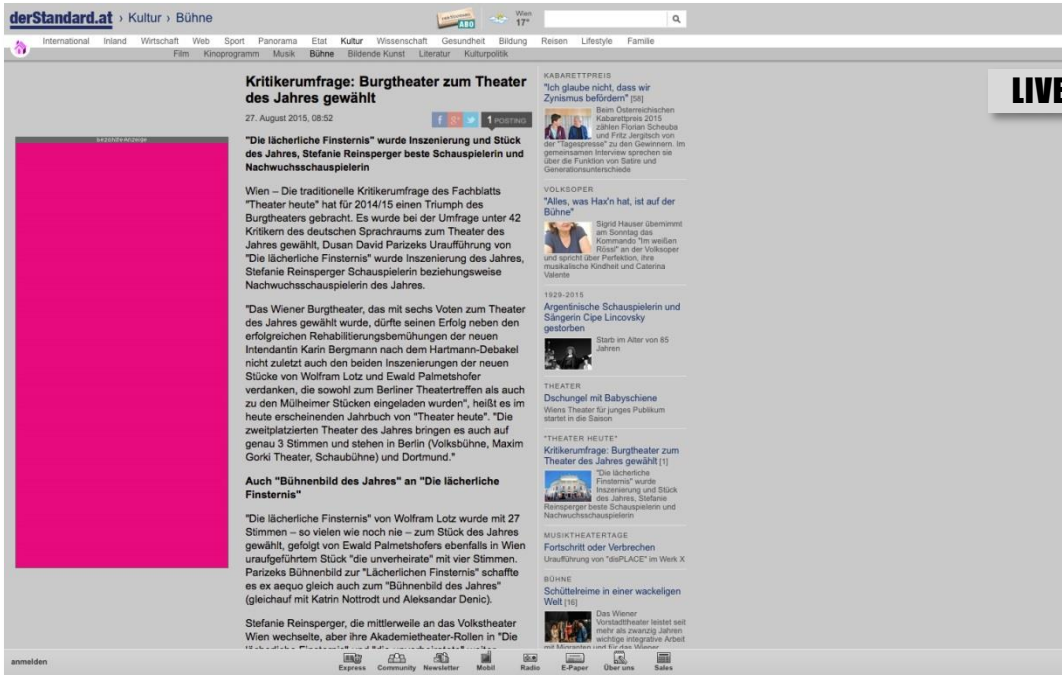

... and dynamic placement in article.

The Medium Rectangle offers the possibility of placing your ad flexibly on all (sub-)sites of derStandard.at (homepage, overview pages, article pages)

Specs	
Placement	<ul style="list-style-type: none"> Fixed on homepage (left/right) Dynamic on overview pages (left/right) and in articles (left)
Components	Picture, animation, video
Dimensions and Formats	<p>Article: 300 x 250 px</p> <p>Homepage/overview pages: 300 x 250 px or HD 420 x 240 px (left only)</p> <p>.jpg/.gif, HTML5</p>

Half Page Ad, Skyscraper

Large canvas meets long contact periods

The Skyscraper is placed on article pages (to the left of the content). This is where our users spend the longest periods of time on our website.

Specs

Placement

Dynamic in articles

Components

Picture, animation, video

Dimensions and Formats

max. 300 x 600 px
.jpg/.gif, HTML5

In-Read-Video

Extend your TV campaign successfully online

At first, the forum appears without any alterations.

As soon as the user scrolls down far enough for the video to open out, it is displayed (per usual after the third post)...

... and starts to play. It only pauses when less than 50 % of the ad are viewable on screen.

The video unit is embedded in our forum's content – a place of high involvement and interactivity. The video automatically starts when at least 50 % of the ad are visible.

Visibility Guarantee:
An AI will only be charged when it was fully delivered.

Specs

Placement	After 3rd post (unless there are fewer posts)
Video length	max. 30 seconds (min. 10 seconds)
Counts as delivered	When 25 % of the video have been viewable on screen
Dimensions/Quality	16:9, HD
File Weight	max. 2 MB
Formats	MP4/MOV/FLV
Sound	At mouse roll-over

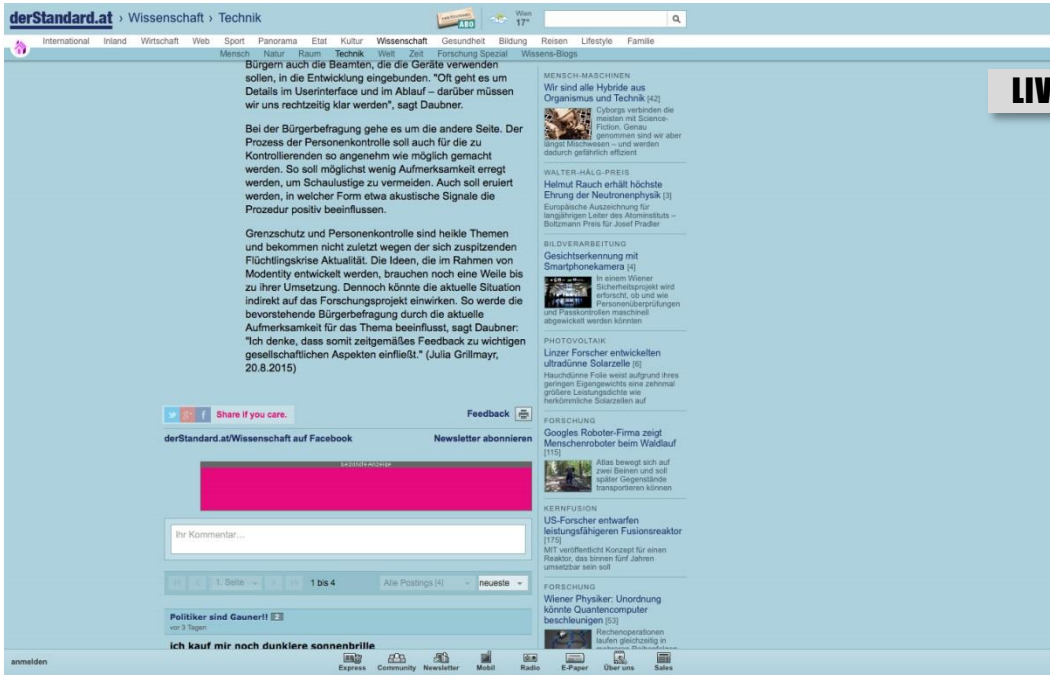

Targeting also available. For details on targeted advertising see page 3.

derStandard.at

Banner

The classic online banner unit

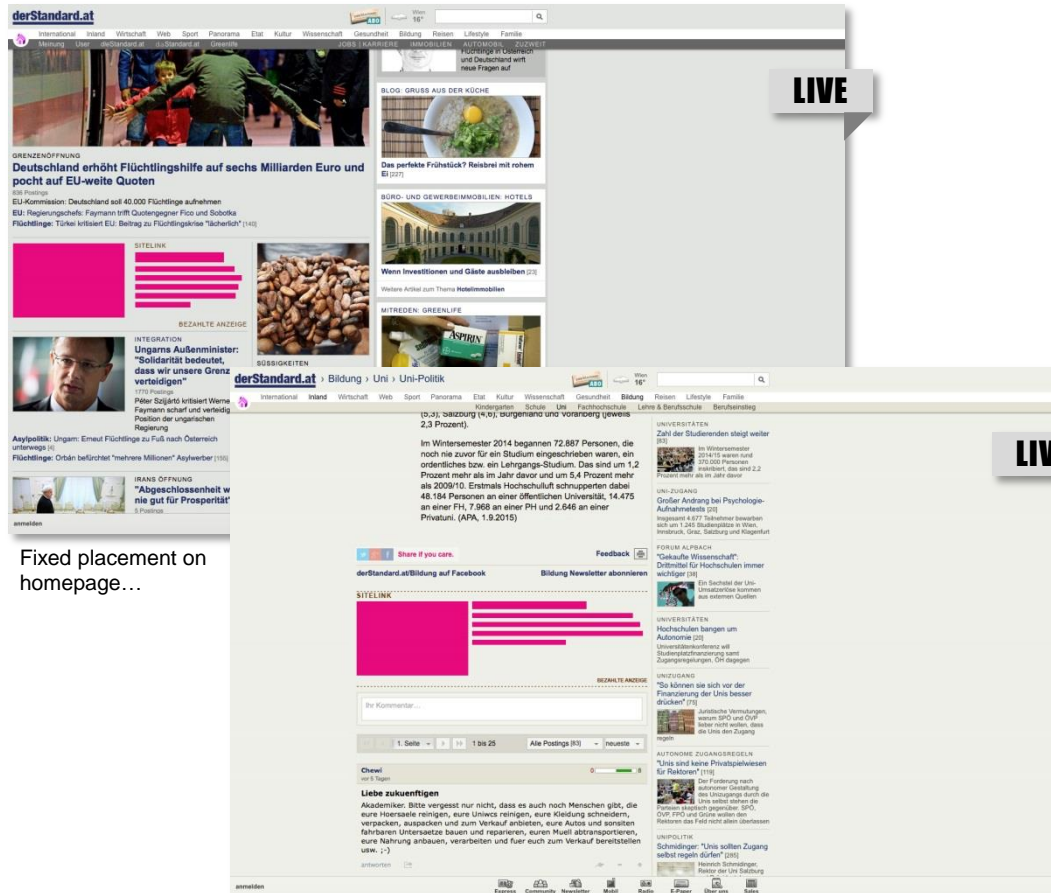

The Banner is placed at a point of the very high involvement: between article and forum.

Specs

Placement	Dynamic in articles
Components	Picture or animation
Dimensions and Formats	468 x 60 px .jpg/.gif, HTML5

Sitelink

Your message in our Look & Feel – links to your website

Fixed placement on homepage...

... and dynamic placement in article.

This ad format is surrounded by editorial content and leads the user directly to a landing page of your choice. The contents of that external web page are provided by you.

Specs

Placement

- Fixed on homepage
- Dynamic on overview pages and in articles

Teaser Format

Picture:

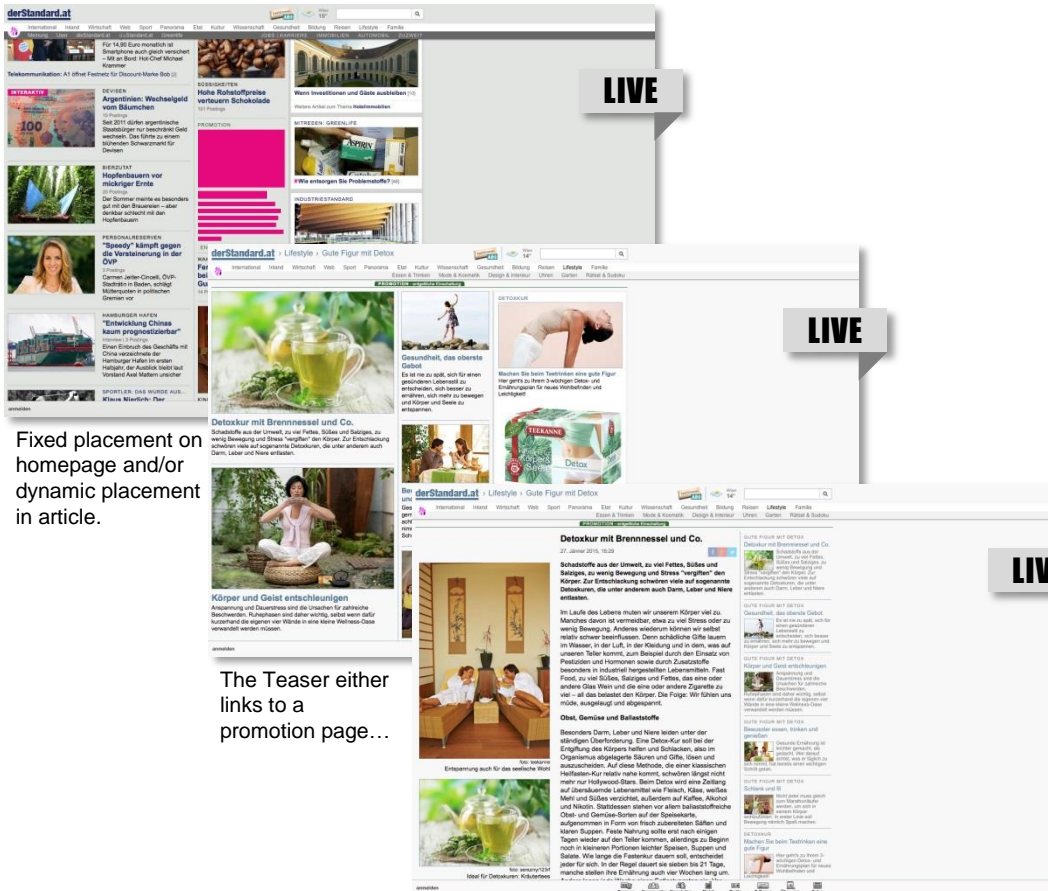

Left/middle: 200 x 133 px

Right: 133 x 89 px

Copy text: 200 characters (incl. spaces)

Promotion

Corporate Content on derStandard.at

Fixed placement on homepage and/or dynamic placement in article.

The Teaser either links to a promotion page...

... or a single article.

This ad format offers the ideal solution to present your message in our look & feel.

The Promotion Teaser links to an article, a slideshow or an entire promotion page with numerous articles. You provide the contents (texts, pictures, links etc.) – upon request we can provide pictures or commission a copywriter for an extra charge.

Specs

Placement

- Fixed on homepage
- Dynamic in channels and articles

Teaser Format

Picture:
Left/middle 200 x 133 px
Right: 133 x 89 px
Copy text: 200 characters (incl. spaces)

Article

max 1.500 characters (incl. spaces)

Skyscraper next to forum

Keep our community company

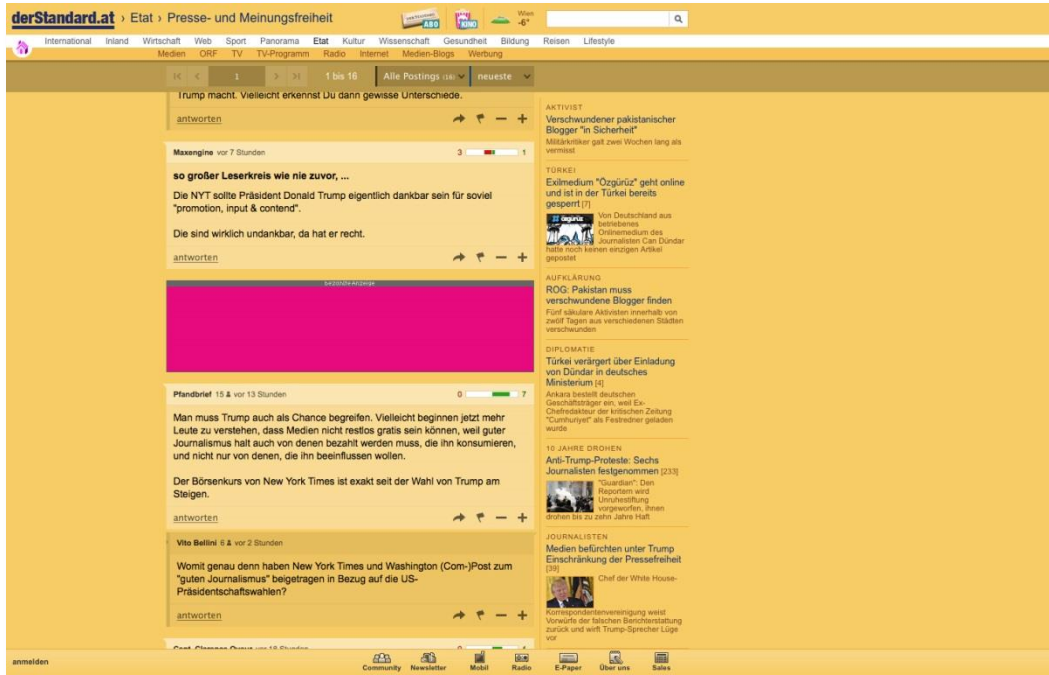

This skyscraper is placed on the left side of the forum where the above article is being discussed.

Specs

Placement	Dynamic in articles
Components	Picture or animation
Dimensions and Formats	160 x 600 px .jpg/.gif, HTML5

Forum Banner

Your ad meets community in action

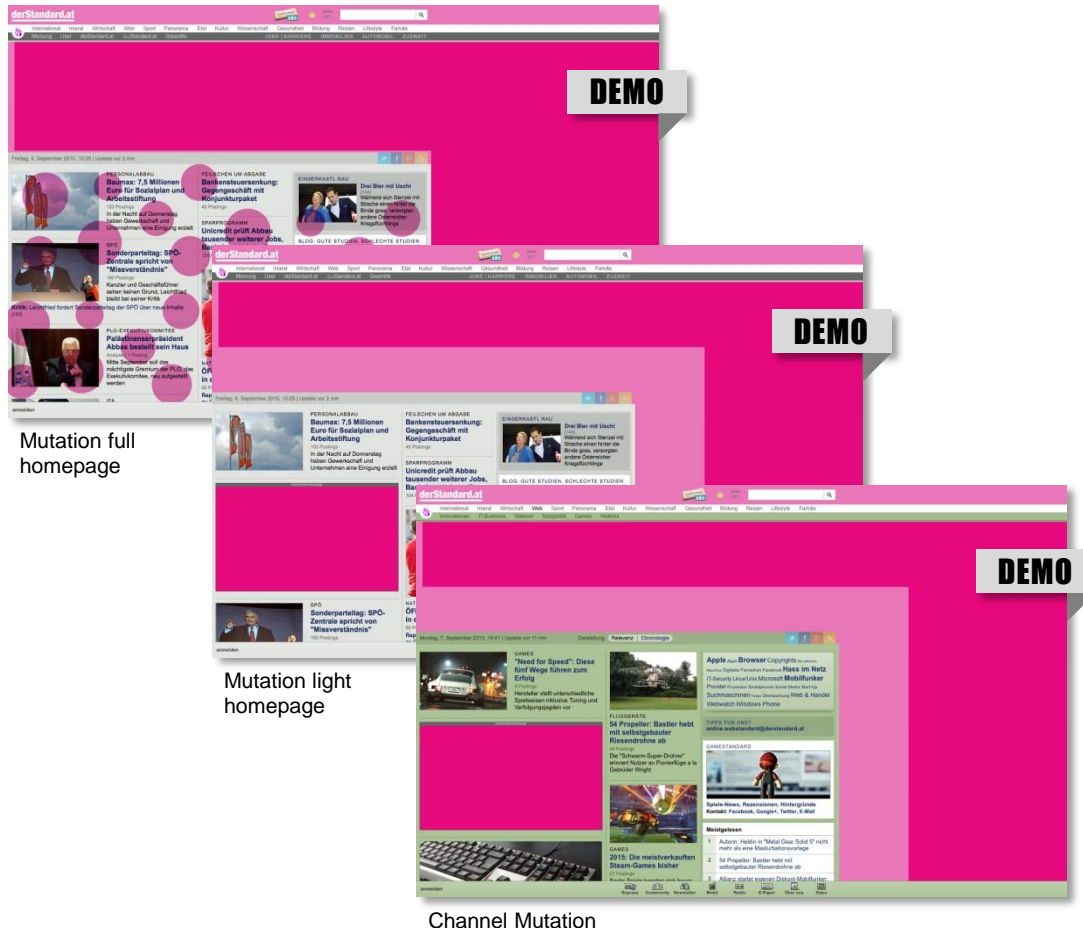

This banner is placed between user comments in our forum where it reaches highly involved posters and curious readers.

Specs

Placement	Dynamic in articles
Components	Picture
Dimensions and Formats	519 x 120 px .jpg/.gif

Mutations

Our website in the look of your choice

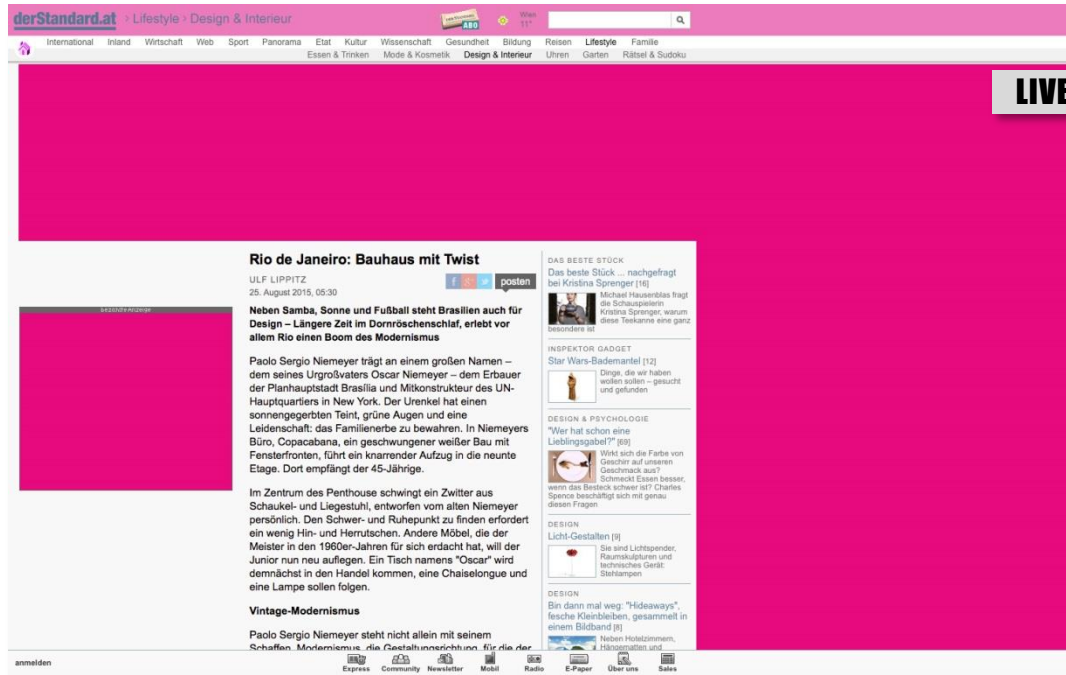

Mutate our homepage or our channel overview pages for one day and 'dress' our website to your liking.

Specs	
Mutation full homepage	Our homepage is adapted to your campaign design for one day – your creativity knows hardly any bounds (e.g. special ad formats, background color/background picture etc.)
Mutation light homepage	This Mutation contains a Wallpaper (XL), a Medium Rectangle (left) as well as a matching background color behind the Wallpaper and the derStandard.at logo.
Channel Mutation	This Mutation contains the elements of a Mutation light on channel overview pages + a Medium Rectangle on article pages.

Article Page Exclusive

Brand our article pages with your ad format of choice

This ad format gives you the opportunity to book all available ad units on our article pages. We guarantee exclusiveness and high involvement on the page.

Specs

Placement	Article pages
Components	Picture, animation, video
Formats	Wallpaper (or Wallpaper XL), Medium Rectangle, matching background color behind Wallpaper and derStandard.at logo

Live Ticker

Get in touch with our exceptionally active community

The screenshot shows the derStandard.at website with a live ticker for the Women's World Cup in Ski Alpin. The ticker displays a list of athletes and their times, along with a photo of a skier. A 'LIVE' badge is visible next to the ticker.

Philip Bauer
22.3.2015, 13:25

Anna Fenninger hat sich in einem Herzschlagfinale erneut die große Kristallkugel für den Sieg im alpinen Ski-Gesamt-Weltcup gesichert. Die 25-jährige Salzburgerin gewann am Sonntag beim Sa-Meribel den abschließenden Riesentorlauf vor der Tiroler Eva-Maria Brem (+0,38 Sek.) und setzte sich damit in der Endwertung 22 Punkte vor der Slowenin Tina Maze (0,46) durch, die Dritte wurde.

Für Weltmeisterin Fenninger war es der 14. Weltcup-Sieg, der sechste in dieser Saison und effte im Riesentorlauf. Die Olympia-Zweite sicherte sich damit auch die kleine Kristallkugel für den Gewinn der Riesentorlauf-Wertung vor Brem.
